

The Red House

Specialising in **learning disabilities, autism** and **mental health** needs

Keys

7 Bedrooms

Mixed Gender - 18-65 years old

Barnwood Road, Gloucester, Gloucestershire, GL2 0SD

The Red House is a specialist residential service, supporting up to six adults with learning disabilities, autism and complex or challenging needs, including mental health. The service provides a warm, friendly and supportive environment where individuals feel safe, valued and encouraged to live fulfilling, meaningful lives.

Support at The Red House is centred around each individual's goals, choices and aspirations, with a strong focus on promoting independence and personal development.

The team uses person-centred approaches and personalised communication tools to understand what matters most to each individual, supporting them to build life skills, access opportunities and develop confidence.

A wider clinical team also provides additional expertise, ensuring care is responsive, consistent and tailored to individual needs.

The home offers a comfortable and engaging environment, with access to a range of activities both within the home and in the local community.

Individuals are supported to build relationships, explore interests and work towards their future goals, creating a positive pathway towards greater independence and improved quality of life.

Connected Support

Keys provides support for children, young people and adults from our national network of **Care, Education and Health** services, including specialist schools, alternative learning solutions, children's homes, adult residential, supported living and neurodevelopment services.
