

Cedar House

Keys

Specialising in **mental health** needs, **acquired brain injuries**, **learning disabilities** and **physical disabilities**

14 Bedrooms

Mixed Gender - 18–65 years old

6–10 Llys Gwynfryn, Bryncoch, Neath, SA10 7UB

Cedar House is a warm and inclusive residential service, supporting up to 14 adults with a range of needs, including mental health, acquired brain injuries, learning disabilities and physical disabilities. Set within a residential community with access to local amenities, the service provides a safe and supportive environment where individuals can build confidence, develop resilience and thrive.

At Cedar House, support is delivered through a flexible, person-centred approach that focuses on each individual's goals and aspirations.

The team works closely with people to develop practical skills, build coping strategies and strengthen independence, while encouraging community engagement and progression towards supported living where appropriate.

With a highly trained and experienced staff team, individuals receive holistic support tailored to both their emotional and physical needs.

The service offers a comfortable and sociable living environment, with a mix of en-suite and standard bedrooms alongside welcoming communal spaces for daily living. A shared kitchen, lounge areas and outdoor patio provide opportunities for socialising,

relaxation and developing everyday skills, helping individuals feel at home while building the confidence to engage with the wider community and move towards greater independence.

Connected Support

Keys provides support for children, young people and adults from our national network of **Care, Education** and **Health** services, including specialist schools, alternative learning solutions, children's homes, adult residential, supported living and neurodevelopment services.
