

Wings

Specialising in **learning disabilities, autism, mental health** needs

Keys

6 Bedrooms

Mixed Gender - 18–65 years old

17 The Grove, Beck Row, Mildenhall, Suffolk, IP28 8DP

Wings is a specialist residential service supporting adults with Learning Disabilities, Autism and Mental Health needs. Located in a peaceful village setting with easy access to nearby towns and community facilities, the service provides a safe, relaxed and homely environment where people can develop confidence, explore opportunities and work towards achieving their goals.

Support at Wings is highly personalised and centred around empowering individuals to make choices and take an active role in their lives. The team works alongside people to build practical life skills, access education, volunteering and employment opportunities, and strengthen connections within their local community.

Through regular involvement in decision-making and goal-setting, individuals are supported to realise their potential, increase independence and develop fulfilling lifestyles.

The service offers six bedrooms within a welcoming home that includes communal living and dining spaces, a wheelchair-accessible kitchen and a large garden.

With access to local leisure activities, training opportunities and community groups, Wings provides a nurturing setting where people can grow in confidence, develop new skills and take positive steps towards greater independence and community living.

Connected Support

Keys provides support for children, young people and adults from our national network of **Care, Education and Health** services, including specialist schools, alternative learning solutions, children's homes, adult residential, supported living and neurodevelopment services.
