Specialising in complex **mental health** needs, **autism** and **acquired brain injuries**

Keys

7 Ensuite Bedrooms

Mixed Gender - 18–65 years old

147 Stow Hill, Newport, Gwent, NP20 4FZ

Manor Lodge is a specialist residential service supporting adults with Acquired Brain Injuries (ABI), Autism and Mental Health needs. Located close to local amenities, healthcare services and transport links, the service provides a safe, welcoming and supportive environment where people can focus on recovery, personal development and achieving greater independence.

Support at Manor Lodge is tailored to each individual's unique needs, with a strong emphasis on person-centred, outcomes-focused care. The experienced team provides support ranging from one-to-one assistance to shared care, helping individuals develop coping strategies, maintain choice and control over their lives, and build skills that enhance their everyday wellbeing.

As a specialist ABI service, support plans and risk assessments are carefully designed to ensure each person receives the right level of support to thrive.

The service offers seven en-suite bedrooms within a comfortable and accessible home environment. Shared spaces include a spacious lounge, dining room, large kitchen and adapted facilities, alongside a generous garden with outdoor seating areas.

With wheelchair-accessible features, internal and external lifts, and a warm community atmosphere, Manor Lodge provides a supportive pathway towards greater confidence, independence and quality of life.

Connected Support

Keys provides support for children, young people and adults from our national network of **Care, Education and Health** services, including specialist schools, alternative learning solutions, children's homes, adult residential, supported living and neurodevelopment services.
