

The Jays

Specialising in **acquired brain injuries** and **mental health** needs

Keys

 7 Ensuite Bedrooms

 Mixed Gender - 18–65 years old

The Grove, Merthyr Tydfil, CF47 8YR

The Jays is a specialist residential service, supporting up to seven adults with complex mental health needs. Set within a modern, high-quality environment, the service provides a calm and structured setting where individuals are supported to focus on recovery, independence and personal development.

Support at The Jays is centred on each individual, with care tailored to a range of mental health conditions including schizophrenia, personality disorders, and anxiety or depression.

The team works closely with individuals to build confidence, develop coping strategies and establish meaningful daily routines, supporting long-term wellbeing and stability in a supportive environment.

The home offers well-designed communal spaces and a garden that encourage both social interaction and relaxation.

With strong links to the local community and access to a wide range of nearby amenities, activities and outdoor environments, The Jays supports individuals to stay connected, explore new opportunities and build a fulfilling, independent lifestyle.

Connected Support

Keys provides support for children, young people and adults from our national network of **Care, Education and Health** services, including specialist schools, alternative learning solutions, children's homes, adult residential, supported living and neurodevelopment services.
