2. Aims

This Safeguarding Policy has been developed with a High Bar for safeguarding children, the statutory guidance outlined in Keeping Children Safe in Education (KCSIE) 2026, which all schools and colleges in England must follow when safeguarding and promoting the welfare of children under 18. It also aligns with the multi-agency framework established by Working Together to Safeguard Children (2026), ensuring effective collaboration among all safeguarding partners and compliance with the Independent School Standards (Part 3 – Welfare, Health and Safety of Pupils). This framework sets out clear expectations for safeguarding arrangements, staff training, and leadership oversight.

This Safeguarding Policy will be regularly reviewed and updated to reflect the latest statutory guidance and best practices. We will incorporate technical changes from the Keeping Children Safe in Education 2026 guidance to improve the clarity and effectiveness of our safeguarding practices. This includes updating terminology, procedures, and training materials to ensure that our policy remains comprehensive and effective.

To maintain robust and up-to-date practices, we continually review and revise our

Keys

policies in line with new statutory requirements or emerging guidance, referencing additional documents and updates as they become available. This ongoing process reassures stakeholders that our safeguarding approach remains thorough, compliant, and responsive to the evolving landscape of child protection. In alignment with the proposed Children's Wellbeing and Schools Bill, our school is committed to enhancing the wellbeing of all children. We will implement practices and policies that promote mental health and wellbeing.

KCSIE 26 places increased emphasis on AI, deepfakes, online manipulation and misinformation risks. Keys agrees with this increased emphasis and acts to minimise the risk to children we serve through technical and educational approaches.

12. Attendance and Children Missing Education

Poor attendance can indicate safeguarding concerns. KIP supports children who have or are exhibiting behaviours associated with one or more factors that increase their vulnerability. Our non-school alternative provision services exist to support children, including those with SEND, to access education and reintegrate into full-time education, thus reducing the likelihood of a child become CME. We monitor children's engagement with their scheduled tutoring sessions closely, scrutinising data for any signs of concern and drawing on feedback from children and tutors to understand new or emerging risks.

Staff will monitor:

Persistent absence and last-minute cancellations.

Missing sessions, particularly if without a valid reason.

Late arrival patterns.

Staff will monitor inappropriate transitions, and liaise with local authorities where appropriate.

Learners failing to engage online.

Safeguarding reviews will be triggered where patterns indicate increased risk.

KCSIE 2026 clarifies that children absent from education may be experiencing safeguarding harm.

13. Child-on-Child Abuse

The organisation adopts a zero-tolerance approach.

This includes:

Sexual harassment.

Sexual violence.

Harmful sexual behaviour.

Physical abuse.

Online abuse.

Prejudiced behaviour.

Bullying.

All incidents will be:

Taken seriously.

Appendix 1: Procedures for Reporting and Recording

Recognising Abuse and Taking Action

All staff members, volunteers, and governors are required to adhere to the following procedures in the event of a safeguarding concern.

Please note: In these and subsequent sections, any reference to the Designated Safeguarding Lead (DSL) also applies to any deputy DSL.

SECTION A: Immediate Actions if a Child is Suffering or Likely to Suffer Harm, or is in Immediate Danger

1. Report the concern to the DSL.

If the DSL is unavailable, report to the Head of Service.

If neither is available, you must immediately refer the matter to children's social care and/or the police if you believe a child is at risk of harm or in immediate danger. Any individual can make such a referral.

2. Document all details related to the concern and/or referral on CPOMS as soon as possible, and no later than the end of the working day.

SECTION B: Responding to a Disclosure of a Safeguarding Issue by a Child

Listen attentively and take the disclosure seriously, allowing the child sufficient time to express themselves without asking leading questions.

Remain calm and do not display shock or distress.

Acknowledge the child's decision to confide in you and refrain from suggesting they should have disclosed sooner.

Explain the next steps, clarifying that you are obligated to share this information. Do not promise confidentiality.

Record the conversation at the earliest opportunity on CPOMS, prior to the close of the working day. Ensure an objective account is provided, delineating direct quotations from the child using quotation marks.

Follow the reporting procedures outlined in Section A.

SECTION C: Addressing Concerns Not Based on Direct Disclosure

Be mindful that some children may:

Not feel prepared or know how to disclose abuse, exploitation, or neglect.

Fail to identify their experiences as harmful.

Feel embarrassed, ashamed, or threatened. These feelings may arise due to vulnerability, disability, sexual orientation, or language barriers.

These factors must not deter you from exercising professional curiosity. If you have concerns about a child, consult the DSL and ensure these concerns are recorded on CPOMS promptly. If necessary, follow the processes described in Section A.

Keys

SECTION D: Female Genital Mutilation (FGM)

Any teacher who becomes aware of or has credible evidence that a child has been subjected to FGM, as defined below, is legally required to report this directly and immediately to the police. This statutory duty carries disciplinary consequences for noncompliance. The requirement does not apply in cases where a pupil is at risk of FGM or suspicion exists without confirmation. Staff must not physically examine pupils. If there is risk or suspicion, teachers should follow the procedures detailed in Section A.

Unless instructed otherwise, staff should also discuss the case with the DSL and involve children's social care as appropriate.

Definition of FGM:

In accordance with Keeping Children Safe in Education, FGM includes "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs."

FGM is illegal in the UK and constitutes a form of child abuse with serious, long-term consequences. It may also be referred to as 'female genital cutting,' 'circumcision,' or 'initiation.'

Any other staff member who discovers that FGM appears to have been performed on a pupil under 18 must inform the DSL and proceed according to Section A.

Any staff member who suspects a pupil is at risk of FGM or suspects FGM has occurred must speak to the DSL and observe local safeguarding protocols.

SECTION E: Concerns Related to Radicalisation, Extremism, or Terrorist Activity

Initially, follow the procedures set out in Sections A and B. The Department for Education provides a dedicated helpline (020 7340 7264) for staff and governors to report concerns regarding pupil extremism. Alternatively, concerns can be emailed to counter.extremism@education.gov.uk.

In emergencies, contact 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

Believe any person is in immediate danger;

Suspect someone is planning to travel to join an extremist group;

Observe or hear anything potentially related to terrorism. If any further or new information comes to light when a prevent referral is being assessed, this must be passed to police.

Appendix 2: Recording and Storing Data

Record-keeping

Pupil protection and safeguarding records will be maintained using CPOMS.

All safeguarding concerns, related discussions, decisions, and the rationale for those decisions must be documented in writing. If there is uncertainty regarding whether to record specific information, staff should consult with the DSL for guidance.

Records shall include:

- A clear and comprehensive summary of each concern

- Details outline how the concern was addressed and resolved

- Documentation of actions taken, decisions made, and final outcomes which is recorded on CPOMS.

Non-confidential records will remain readily accessible. Confidential documentation will be stored securely and made available only to individuals with a legitimate or professional need to access them.

Safeguarding records pertaining to individual children will be retained for an appropriate period following their departure from the service.

For cases involving significant or complex concerns, or where social services are involved, the DSL will directly communicate with the receiving school's DSL to provide pertinent information, allowing for necessary preparations to safeguard the child.

Where staff, volunteers, agency personnel, or visitors have a concern, it must be recorded on a paper form and submitted to the DSL for inclusion in CPOMS. The DSL will enter details from the written record and scan it into the pupil's CPOMS file.

Appendix 3: Recruitment and Selection Process

To recruit individuals appropriately, all staff involved in recruitment and employment for positions working with children will be required to complete relevant safer recruitment training.

Application Forms

Application forms will: -

Include a statement indicating that it is an offence to apply for the role if the applicant is barred from engaging in regulated activity with children, when applicable.

Shortlisting

The shortlisting process will: -

Review any inconsistencies, identify gaps in employment, and examine provided reasons.

Assess potential concerns.

Public online check.

Shortlisted candidates will be requested to: -

Complete a self-declaration of their criminal record or any information that may make them unsuitable to work with children, allowing for discussion during the interview stage.

The requested information will include: -

Criminal history

Inclusion on the barred list

Prohibition from teaching

Criminal offences committed in any country in accordance with laws applicable in England and Wales

Any relevant overseas information

Candidates will also sign a declaration confirming the accuracy of the information provided.

An online search will be conducted on shortlisted candidates to identify publicly available incidents or issues. Candidates will be notified that these checks are part of the standard due diligence process.

Seeking References and Checking Employment History

References will be obtained before interviews, with any concerns addressed with referees and discussed with the candidate during the interview.

Reference procedures will: -

Not accept open references.

Involve direct communication with referees and verification of reference information.

Ensure references originate from the candidate's current employer and are completed by a senior individual. If the referee is school-based, confirmation from the Headteacher regarding disciplinary investigation accuracy will be sought.

Verify the most recent relevant period of employment if the candidate is not currently

Keys

employed.

Obtain a reference from the last employer where the candidate worked with children if they are not currently doing so.

Compare application form details with reference information, resolving any inconsistencies with the candidate.

Address and resolve all concerns prior to appointment confirmation.

Interview and Selection

During interviews, the following will occur: -

Inquiry into gaps in employment or frequent changes in employment/location, requesting candidates to provide explanations.

Examination of potential areas of concern to assess suitability for work with children.

Documentation of all the information considered and decisions made.

Pre-appointment Vetting Checks

All details regarding vetting procedures are recorded in KIP single central record (SCR), and relevant documentation is stored in individual personnel files. Procedures adhere to statutory requirements and best practices for document retention as outlined below.

New Staff

Employment offers are subject to satisfactory completion of all necessary pre-employment checks. When recruiting new staff, the following steps will be taken: -
Identity verification.

Obtaining an enhanced DBS certificate via the applicant, including barred list information for those engaged in regulated activity (see definition below). The certificate will be obtained before or as soon as practicable after appointment, using the DBS update service if applicable. Copies of the certificate will not be retained for more than six months, though records of the check, its outcome, and the recruitment decision may be kept.

Conducting a separate barred list check if work in regulated activity commences prior to receipt of the DBS certificate.

Verifying mental and physical fitness to undertake job responsibilities.

Checking the right to work in the UK, with verification retained for the duration of employment and two years afterward.

Confirming professional qualifications where relevant.

Ensuring teachers are not subject to a prohibition order.

Conducting additional checks for candidates who have lived or worked outside the UK, as appropriate. These may include:

Criminal record checks for overseas applicants for all staff, including teaching positions.

For teaching roles: obtaining confirmation from the relevant professional authority in the foreign country that no sanctions or restrictions have been imposed, and there is no reason to consider the individual unsuitable to teach.

For management positions, candidates must not be subject to a section 128 prohibition from management direction issued by the Secretary of State.

Keys

Regulated Activity refers to individuals who:

Regularly teach, train, instruct, care for, or supervise children.

Perform paid or unsupervised unpaid work regularly in settings where such work provides potential contact with children;

Provide intimate or personal care, or participate in overnight activities, even on a one-time basis and regardless of supervision.

Existing Staff

Relevant checks may be conducted for existing staff under certain circumstances, treating them as new staff members, such as when:

Concerns arise regarding their suitability to work with children;

Individuals transfer from a non-regulated to a regulated activity role;

There is a break in service of twelve weeks or longer.

Referrals to the DBS will be made for anyone considered to have harmed or posed a risk of harm to a child or vulnerable adult, where:

There is belief that the individual has engaged in relevant conduct;

They have received a caution or conviction for an offence specified under the Safeguarding Vulnerable Groups Act 2006 (Prescribed Criteria and Miscellaneous Provisions) Regulations 2009;

The 'harm test' is met (i.e., the individual may harm or place a child or vulnerable adult at risk);

The individual is removed or would have been removed from regulated activity (paid or unpaid) had they not left.

Agency and Third-party Staff

Written notification will be obtained from any agency or third-party organisation confirming completion of the required safer recruitment checks equivalent to those conducted by the Organisation. Identity verification of the individual presenting for work will also be undertaken to ensure consistency with the completed checks.

Trainee/Pupil Teachers

For salaried applicants for initial teacher training, all necessary checks will be carried out directly by the school. For fee-funded trainee teachers, written confirmation from the training provider will be obtained verifying that all required checks have been completed and the trainee has been deemed suitable to work with children.

Volunteers

Unchecked volunteers will not be left unsupervised. An enhanced DBS check with barred list information will be obtained for all volunteers new to regulated activity.

Governors

All governors will receive an enhanced DBS check with barred list information. This check will also apply if a governor is involved in regulated activity. All governors are

Keys

subject to a section 128 check, as a section 128 direction disqualifies an individual from holding a position as a maintained school governor. The chair of the board's DBS check will be countersigned by the Secretary of State.

All proprietors, trustees, local governors, and members will undergo the following checks:

Section 128 check (to assess prohibition under section 128 of the Education and Skills Act 2008)

Identity verification

Right to work in the UK

Additional relevant checks if they have lived or worked outside the UK.
